

PRODUCT DESCRIPTION

This product lowers the pH and the total alkalinity of swimming pool water. The ideal pH range is 7.4 - 7.6. A pH in this range will allow your sanitizer to work effectively, reduce equipment corrosion, reduce eye irritation and reduce skin dryness.

DIRECTIONS FOR USE

Read all precautions before use. It is a violation of State Law to use this product in a manner inconsistent with its labeling.

How to Add This Product to Your Pool:

1. Determine amount of this product needed by calculation. 2. Ensure the circulation system is on and functioning. 3. Fill a gallon pail or larger plastic bucket with water. 4. Add this product into the bucket of water and mix with a wooden or plastic utensil until thoroughly dissolved. 5. Pour mixture into pool water while walking around the pool.

CAUTION: 1. DO NOT pour mixture into skimmer, near underwater lights, near metal ladders or near metal fixtures. 2. DO NOT add water to this product, always add this product into water. 3. DO NOT add more than 32 ounces of this product per 10,000 gallons pool water at one time. 4. Water be may retested and additional product added, if needed, after 4 hours.

How to Lower Total Alkalinity:

Always adjust total alkalinity first. Keep the total alkalinity between 60-120 parts per million (ppm). Test the total alkalinity with a reliable test kit or test strip. If the total alkalinity is high: 1. Add 2 lbs. of this product for each 10,000 gallons of pool water to lower alkalinity 10 ppm. 2. Keep the circulation pump running. 3. Add solution of this product in one spot at the deepest part of the pool. Repeat procedure until desired total alkalinity is reached. Always wait at least 4 hours between treatments.

How to Lower pH:

1. Measure the pH of pool water with a reliable test kit or test strip. 2. Use the table below to determine the correct amount of this product.

Dosage of pH Minus in Ounces			
Pool Volume In Gallons	pH 7.6 - 7.9	pH 8.0 - 8.4	pH Above 8.4
2500	2 oz	4 oz	6 oz
5000	4 oz	8 oz	12 oz
10,000	8 oz	16 oz	24 oz
20,000	16 oz	32 oz	48 oz
